- Participated in architecture discussions.
- Mentored junior developers.

## TRAINING

| Course              | Technology | Provider                 | Score |
|---------------------|------------|--------------------------|-------|
| Python Programming  | Python     | Internal Learning Portal | 76.00 |
| FastAPI Development | FastAPI    | Udemy Business           | 94.00 |

## EDUCATION

|                |                                 |
|----------------|---------------------------------|
| Degree         | Master of Computer Applications |
| Specialization | Computer Science                |
| University     | Anna University                 |
| Passing Year   | 2015                            |

## ACHIEVEMENTS

---

- Designed scalable backend services.
- Developed Microservices architecture.
- Optimized application performance.
- Hands-on experience working in Agile Scrum teams.
- Actively participated in knowledge sharing sessions.
- Strong analytical and debugging capabilities.

## CAREER HIGHLIGHTS

---

- Strong experience in enterprise software development.
- Hands-on expertise in Agile Scrum methodologies.
- Excellent analytical and problem-solving skills.
- Experience working with cross-functional global teams.
- Committed to delivering high-quality scalable solutions.
