| Backend  | Spring Boot, Microservices |
| DevOps   | Ansible, Kubernetes        |

## PROFESSIONAL EXPERIENCE

### Banking Transformation Program 7

|            |                                      |
|------------|--------------------------------------|
| Client     | American Express                     |
| Role       | Senior Developer                     |
| Duration   | 2025-04-07 - 2026-02-02              |
| Technology | Java, Spring Boot, Kafka, PostgreSQL |

#### Key Responsibilities

- Designed scalable backend services.

- Developed Microservices architecture.
- Optimized application performance.
- Integrated third-party APIs.
- Participated in architecture discussions.
- Mentored junior developers.

## TRAINING

| Course              | Technology | Provider                 | Score |
|---------------------|------------|--------------------------|-------|
| Python Programming  | Python     | Internal Learning Portal | -     |
| FastAPI Development | FastAPI    | Udemy Business           | -     |
| Azure AI Engineer   | Azure AI   | Microsoft Learn          | 78.00 |

## EDUCATION

| Degree         | Bachelor of Engineering |
|----------------|-------------------------|
| Specialization | Information Technology  |
| University     | JNTU Hyderabad          |
| Passing Year   | 2016                    |

## ACHIEVEMENTS

- Designed scalable backend services.
- Developed Microservices architecture.
- Optimized application performance.
- Contributed to performance optimization initiatives.
- Successfully delivered enterprise applications within schedule.
- Excellent communication and stakeholder management.

## CAREER HIGHLIGHTS

---

- Strong experience in enterprise software development.
- Hands-on expertise in Agile Scrum methodologies.
- Excellent analytical and problem-solving skills.
- Experience working with cross-functional global teams.
- Committed to delivering high-quality scalable solutions.
