- Fixed production issues and resolved defects.
- Participated in Agile Scrum ceremonies.
- Developed REST APIs and reusable components.
- Collaborated with QA and business teams.
- Performed unit testing and code reviews.

**Banking Transformation Program 8**

|            |                                      |
|------------|--------------------------------------|
| Client     | HSBC                                 |
| Role       | Junior Developer                     |
| Duration   | 2025-05-05 - 2026-10-03              |
| Technology | Java, Spring Boot, Kafka, PostgreSQL |

**Key Responsibilities**

- Developed application modules based on business requirements.
- Fixed production issues and resolved defects.
- Participated in Agile Scrum ceremonies.
- Developed REST APIs and reusable components.
- Collaborated with QA and business teams.
- Performed unit testing and code reviews.

**TRAINING**

| Course                    | Technology | Provider                 | Score |
|---------------------------|------------|--------------------------|-------|
| Advanced Java Programming | Java       | Internal Learning Portal | 75.00 |
| REST API Development      | Java       | Pluralsight              | 89.00 |
| React Fundamentals        | React      | Internal Learning Portal | 78.00 |

**EDUCATION**

|                |                                 |
|----------------|---------------------------------|
| Degree         | Master of Computer Applications |
| Specialization | Computer Science                |
| University     | Indian Institute of Technology  |
| Passing Year   | 2016                            |

## ACHIEVEMENTS

---

- Designed scalable backend services.
- Developed Microservices architecture.
- Optimized application performance.
- Excellent communication and stakeholder management.
- Strong analytical and debugging capabilities.
- Contributed to performance optimization initiatives.

## CAREER HIGHLIGHTS

---

- Strong experience in enterprise software development.
- Hands-on expertise in Agile Scrum methodologies.
- Excellent analytical and problem-solving skills.
- Experience working with cross-functional global teams.
- Committed to delivering high-quality scalable solutions.
